The Broadcaster

In this 2024 edition of the SCHS Broadcaster you will find information on the 2023 Academic Foundation awarded scholarship recipients, a look at our 2022 and 2023 SCHS Teachers of the Year, and we welcome four new members to the Academic Foundation Board of Directors. We would like our members, contributors, and possible new members to see what projects the Foundation has undertaken and the support that has been provided to the school. Included with this newsletter, you will find a membership form for 2024. If you are a current member and have already renewed your membership, please pass the form along to someone you feel might be interested in supporting our students, our teachers, and the school as a whole. Thank you,

The Board of Directors of the SCHS Academic Foundation

## SCHS Academic Foundation Newsletter

### SCHS Teacher of the Year

Each year one teacher at Salem Community High School is named teacher of the year. The individual is chosen from suggestions presented by their peers and the school administration. The individual teacher receives a \$500 monetary award. A \$500 award is also made to the teacher's department.

**2023**

**Michelle Blomberg**

**Nursing**

**2022**

**Stacey Beavin**

**Business Technology**

### Welcome our new Foundation Board Members

The Salem Community High School Academic Foundation Board of Directors are proud to present our newest members to the SCHS team. We would like to extend a warm welcome to Trudie Smith, Jeannie Malone, Lynette Dye, and Keri Garrett. Each member brings a unique skillset that will allow us to better serve our school district and community.

The Academic Foundation is a non-profit association devoted to supporting, enhancing, and promoting academic opportunities for the Salem Community High School. The Foundation is run by a volunteer board of directors. Opportunities are made available to staff at SCHS for implementing programs in their classrooms and throughout their departments. One of the opportunities is the mini-grants made available to teachers each year. Mini-Grants support, encourage and facilitate great teaching ideas.

Mini-Grants are modest cash awards that help educators make a positive difference in their classrooms. An example can be found in the SCHS Media Center, where modern seating and reading areas are being updated. Teachers or departments may also submit for consideration special projects that require funding not available through district funds. Support for all of this is made possible through memberships fees,
