The Broadcaster

In this 2025 edition of the SCHS Academic Foundation Broadcaster you will find information on the 2024 Academic Foundation awarded scholarship recipients, a look at our 2024 SCHS Teacher of the Year, and we introduce you to the new SCHS quarterly newsmagazine, The Broadcast. We would like our members, contributors, and possible new members to see what projects the Foundation has undertaken and the support that has been provided to the school. Included with this newsletter, you will find a membership form for 2025. If you are a current member and have already renewed your membership, please pass the form along to someone you feel might be interested in supporting our students, our teachers, and the school as a whole. Thank you,

The Board of Directors of the SCHS Academic Foundation

Faith Smith \$2500

The Broadcast

It is with great pride and excitement that we welcome you to the inaugural issue of The Broadcast, Salem Community High School's official quarterly magazine. A simple title, yet rich with our school history as a tribute to the former school newspaper, The Broadcaster. While this publication is a different format and reaches a different audience, we honor our past and look forward to continuing the storied history of SCHS. We present The Broadcast. Visit using the QR code or by going to journey12.com/thebroadcast.

SCHS Teacher of the Year

Each year one teacher at Salem Community High School is named teacher of the year. The individual is chosen from suggestions presented by their peers and the school administration. The individual teacher receives a \$500 monetary award. A \$500 award is also made to the teacher's department.

2024

Spanish Dept

The Academic Foundation is a non-profit association devoted to supporting, enhancing, and promoting academic opportunities for the Salem Community High School. The Foundation is run by a volunteer board of directors. Opportunities are made available to staff at SCHS for implementing programs in their classrooms and throughout their departments. One of the opportunities is the mini-grants made available to teachers each year. Mini-Grants support, encourage and facilitate great teaching ideas.

Mini-Grants are modest cash awards that help educators make a positive difference in their classrooms. An example can be found in the SCHS Media Center, where modern seating and reading areas are being updated. Teachers or departments may also submit for consideration special projects that require funding not available through district funds. Support for all of this is made possible through memberships fees, donations, and fundraisers.
